Angels Leave Their Orders to Pollute Adam's Bloodline

Watchers make a pact to pollute Adam's bloodline in defiance to God and are amazed at what He does in return. Why would angels go to such extremes and risk losing their position in heaven, their thrones, dominions, and glory? The angels saw something so incredible and so superior to what they had that they would covet that to the point of sinning against God. The angels saw that the inheritance God planned to give Adam (the baptism of light) was far superior to their own station in heaven and plotted to take Adam's inheritance by mixing their race with the human race.

I Enoch chapters 6-8

Chapter 6

We're going to continue on now in 1 Enoch chapter 6, but before we start reading 1 Enoch chapter 6, let's read something out of your King James Bible. Turning to Genesis chapter 6, you see a similarity here in the beginning of 1 Enoch chapter 6 with Genesis chapter 6, which also says,

"And it came to pass, when men began to multiply on the face of the earth, and daughters were born unto them, That the sons of God saw the daughters of men that they were fair; and they took them wives of all which they chose. And the Lord said, My spirit shall not always strive with man, for that he also is flesh: yet his days shall be an hundred and twenty years. There were giants in the earth in those days; and also after that, when the sons of God came in unto the daughters of men, and they bare children to them, the same became mighty men which were of old, men of renown" (Gen 6:1-4).

Here he's identifying (Moses is) writing about this event regarding those that were born in the days prior to the flood and those that were born after the flood, the giants. Now, going to 1 Enoch chapter 6 we read this:

1 In those days, when the children of man had multiplied, it happened that there were born unto them handsome and beautiful daughters.

We can see the genealogies of Adam, that this was approximately of Jared's time. So, we see Adam and Seth, Enos, Cainan, Mahalaleel, and Jared. And then we're going to see Enoch (who recorded this), being the 7th from Adam, Methuselah, (2) the 8th from Adam, Lamech, the 9th from Adam, and Noah, the 10th from Adam.

It's kind of interesting that Enoch, the 7th from Adam was taken to the 7th heaven and received this revelation, and Noah, the 10th from Adam, was the one that carried the deliverance for the people, being the second week.

Again, we see how the Spirit of the Lord selected these particular numbers (7 and 10) to identify the time of knowledge and of empowerment, and a system which it would be birthed within, which happened in the days of Noah.

"In those days, when the children of man"

that is, those of the offspring of flesh and in the temporal form ***"had multiplied",***

this is the time during the days of Jared, when the children of God (those which lived on the mount, wherein was located the cave of treasures, wherein the body of Adam was laid, and the body of Seth was laid there, and all those which proceeded from him up to the times of Jared.

I Enoch chapters 6-8

Now, Jared turned the cave of treasures into a shrine, wherein also candlesticks were put, which would give light over against the bodies of Adam; and that shrine became a place of worship during that period of time.

At this time there was also competition taking place—that which was below the cave of treasures—that which was taking place in the area below, which was also known as Cain's country. And the children of Cain also multiplied to the times of Genun (2nd Adam & Eve chapter 20).

Genun was around the time of Enos. Enos was a false messiah. Genun was a particular individual, a great-grandson of Cain. And during his time, we can also read in the book of Genesis, when the children of men began to design all kinds of musical instruments and alchemy; they began (4) to explore all these particular things, all these venues of that time, by the assistance of the fallen Watchers.

And during Jared's time, the people began to go down from the mount and mingle with Cain's children; Seth's children began to mingle with Cain's children.

"In those days, when the children of man had multiplied, it happened that there were born unto them handsome and beautiful daughters."

which we just read about in Genesis chapter 6.

2 And the angels, the children of heaven, saw them and desired them; and they said to one another, "Come, let us choose wives for ourselves from among the daughters of man and beget us children."

"And the angels"

the fallen Watchers; at this point being

"the children of heaven"

We've got the children of men (vs 1), which talks about that which is of the form of the flesh, and then we have the angels, being the children of heaven, the sons of God, which we read about in Genesis chapter 6.

Now, what were the angels doing down on the earth?

Well, the Watchers [Nephilim] were down here to oversee the affairs of man; they were appointed by God to assist the children of men and their routine of life. They began to teach the sons of man (the children of Adam) how to construct and build, how to extract metals from the earth, how to manufacture things, how to (for example) milk a cow, how to assist in child bearing and also in birthing, how to plant, how to sow seed, how to break the ground. The Watchers were overseeing the affairs of the children of men for over a thousand years.

I Enoch chapters 6-8

What they were doing there in the first millennium, is what the angels will be doing in the 7th millennium; what they did in the first week is what they're going to do also in the 9th week—after the earth is completely devastated (that is, during the 9th week), the angels (or, the Watchers) will again assist the children of men in reconstruction. They're going to begin to rebuild the earth, which has just been devastated through the great tribulation.

Here, what they're doing to the children of men during the first (6) millennium became a stumbling block, because the Watchers... God made a promise to them regarding wives, to sow seed, for the purpose of expanding and extending their house from that which was of their dimension into other dimensions. So, you can see that the angels also had gender assigned to them (male and female). You can see that also in the male and female angels, concerning the choirs of heaven.

Now, the Watchers were not given (at this time) wives; wives were withheld from them and the promise of that which God had promised them would be taking place during the 7th millennium. And because wives were withheld from them, they felt that perhaps God overlooked something here. So, as we go on here in verse 2,

"And the angels,"

or the Watchers,

"the children of heaven, saw them and desired them;"

in other words, they considered the idea of having a permanent presence down here in this dimension, and also a permanent presence for the daily routine of Adam, in instructing and assisting the Adamites, getting themselves settled.

"they saw them and desired them;"

they desired them that they also could be gods in this dimension.

Now, the Watchers took into consideration that Satan was cast out of heaven because of his transgression, but yet he also had an opportunity to express the God-Code. Satan had the opportunity to express his God-Code within this dimension, even though it was not given to him.

He was cast out of the abyss, which ended in this dimension, which is the 1st of the 7 heavens. And being cast out over the abyss, this is where he landed. [That shows that the earth is God's footstool, being the lowest of the heavens, and now the darkest of the heavens.] And Satan, being cast out, found an (8) opportunity to continue to express and to increase the God-Code that was in him, but in the form of iniquity. And the children of Satan are doing the same thing today.

The Watchers observed this, that even though Satan was cast out of heaven, he still had a form of existence and expression. They observed these things and included that within their conspiracy; "If Satan was allowed to still exist, why can't we do the same things?"

I Enoch chapters 6-8

They began to design this transgression, and it began with Semyaz's counsel. His counsel was the result of reading the rejected mysteries. He had access to the libraries of heaven, and he read certain events that would take place, but he read these things in the rejected mysteries. And we'll be talking more about the rejected mysteries as we go on.

Why is it that the angels fell? That's because they had access to these things. And people are doing the same thing today; they read knowledge, which are rejected, and they extrapolate from the rejected mysteries, regarding their destiny.

"the angels, the children of heaven, saw them and desired them; and they said to one another,"

Now, this all took place in the counsel of Hermon; we call it the counsel of Ardos. *"they said to one another, "Come, let us choose wives for ourselves"*

The Watchers constructed a castle, or a residence for themselves; it was a reference point of entry into this dimension, which was located near the gates that surround the earth. There's 12 gates that surround the earth.

They constructed this as their reference point, like you would on a map. If you look at a map (10) you have a certain destination.

The angels were able to descend through the 7 gates of the 7 heavens through the central gate, which allowed them access into this dimension. They would gain access to this dimension with a password, going through the 7 heavens. (And we'll be exploring more into that as we read on—the 12 gates that are about the earth, whereas through these particular gates, not only does the sun pass through these gates, and the moon, as well as also the constellations, and also where our weather patterns proceed from.)

So, we can see that God constructed a very intricate mechanism in order to oversee and to remain tethered to this dimension through the ministry of angels, which the Watchers were assigned to be a particular tether from the 7th to the 1st heaven. But they took counsel in Ardos, not Mount Olympus.

Now, the reason I'm going to explore this for a moment with you is that a lot of Greek mythology was born out of the book of Enoch and also from Hebrew traditions.

So, they assigned Mount Olympus as the mountain of the gods, whereas the real Mount Olympus was Mount Hermon. The Watchers constructed on that mount, a castle (or a temple), but it was a location where they assembled together on Mount Hermon.

I Enoch chapters 6-8

On Mount Hermon they took counsel to overthrow man, and it was also on Mount Hermon, called the mount of transfiguration, where Jesus received his commission from Moses and from Elijah regarding our redemption. So, the transgression was born on Mount Hermon, and our redemption was assigned at that time to Jesus of Nazareth, for our redemption, to go to Jerusalem and die for our sins.

So, this is an interesting place here (Mount Hermon), which is still in existence today. They went to this place; this is where they would assemble **(12)** together on Mount Hermon.

Also, Enoch knew the place, and he would frequent the place (Mount Hermon), which means that it was within walking distance; Mount Hermon was located between Lebanon and Sangster. It's still there today, but it was wiped clean by the flood.

It was also a place of great tradition, which you can read about in Deuteronomy (Deut 4:48), when the children of Israel came back into the land to conquer it from Aroer, which is by the bank of the river Arnon (remember the word, Arnon, in book of Deut)¹, even unto mount Zion.

The Watchers named Mount Ermon (Hermon) also Mount Sion. It was a replica of the Sion that was in heaven. That's why there was a construction put on that...Mount Sion...also known in the song: "Is Mount Sion on the sides of the North, the city of the great King".²

this is the Mount Zion which the Watchers called Mount Hermon, which was the place of counsel. You see the same thing in the 7th heaven. This is where the Apostle John, in the book of Revelation, stood and observed the holy city, New Jerusalem, which is the Mother of us all.³ You see the similarities here in the book of Enoch and in the book of Revelation, in that which Enoch saw, and that which the Apostle John saw.

So, "From Aroer, which is upon the bank of the river Arnon (Deut 4:48) unto Mount Sion, which is Hermon." See that? "Mount Sion, which is Hermon." The Watchers named Mount Hermon Mount Sion, because it was a place of counsel where God was intervening with the children of men.

Also, we can see that it was in Mount Sion (Mount Hermon), where Og, King of Bashan, (who was a remnant of the giants Deut 3:11⁴), **(14)** wanted to maintain

1 [Deut 4:48](#) From Aroer, which [is] by the bank of the river Arnon, even unto mount Sion, which [is] Hermon,

2 [Psa 48:2](#) Beautiful for situation, the joy of the whole earth, [is] mount Zion, [on] the sides of the north, the city of the great King.

3 [Gal 4:26](#) But Jerusalem which is above is free, which is the mother of us all.

4 [Deu 3:11](#) For only Og king of Bashan remained of the remnant of giants; behold, his bedstead [was] a bedstead of iron; [is] it not in Rabbath of the children of Ammon? nine cubits [was] the length thereof, and four cubits the breadth of it, after the cubit of a man.

I Enoch chapters 6-8

tradition of his fathers, which were the giants. And he (Og) also reclaimed Mount Hermon for himself and for his fathers, which fell.

So, you can see the connection between Deuteronomy, Genesis, and the book of Enoch, and why it was important for Jesus to receive his counsel from his Father there (whereas the cloud overshadowed him, also Simon Peter—Peter, James, and John). And they said, *"Let us build three temples here."*

Now, where did he ever come up with that idea-- "Let's build three temples? From the book of Enoch. Peter said to Jesus; *"Rabbi, it is good for us to be here;"*⁵ "After all, a tradition was born here from the Watchers, which Lord, you spoke of, who fell and who took counsel here on the temple that they built; a temple of rebellion is now going to become.....Let's make this now a point of reference for a temple of restoration for the whole earth."

Remember that the apostles were looking forward to Jesus to establish the millennial reign, which is why it was confusing to them. Jesus, ascending up to Mount Hermon to receive his orders from his Father through Moses and Elijah, they thought for sure that this was now going to be a point of reference, a Mount Zion earthed again, where the millennial reign of Christ would emerge and overthrow the Roman Empire.

They got all this from the book of Enoch and from the words of the Lord, himself; ascending up on Mount Hermon, Jesus spoke a lot about the history of this. That's why Simon Peter made that statement: *"Let's build here three tabernacles: one for You, one for Moses, and one for Elijah"*--; Let this now be the reference point of the new millennial reign.

But this was the rejected mysteries, and this is what Peter had to understand... that Jesus was receiving orders to go to Jerusalem to die for the sins of the world, not to establish the millennial reign yet, because the first 8th week had to be completed, the time of darkness had to proceed that (16) to the time of the tribulation and the millennial reign of Christ. So, you can understand why the books of Enoch are important, for us to see this history.

The Watchers... God did not give wives to the Watchers as of yet. And the Watchers looked forward, by the promise of the Lord, that they also could breed with the daughters of men and also have children that would receive the eternal inheritance of the baptism of light, which would also give them a greater rank among the angels that God created.

5 [Mk. 9:5](#) Then Peter answered and said to Jesus, "Rabbi, it is good for us to be here; and let us make three tabernacles: one for You, one for Moses, and one for Elijah"--

I Enoch chapters 6-8

Now, Semyaz was a leader, as we see in verse 3 of Enoch; 1Enoch 6:3:

3 And Semyaz, being their leader, said unto them, "I fear that perhaps you will not consent that this deed should be done, and I alone will become responsible for this great sin."

"And Semyaz, being their leader, said unto them,"

the other angels there—this was at a counsel of 200; and he said to them:

"I fear that perhaps you will not consent that this deed should be done, and I alone will become responsible for this great sin."

When he says, great sin, it's concerning that which is out of rhythm with the plan of God.

Semyaz had access to the libraries of heaven.

I saw the door to the libraries of heaven. The angels have access to these libraries, and upon access, they can read about the events that will be taking place within this dimension. So, reading about these events, they read about your life and the future that's going to take place. And they continually prepared things down here for these events to come to pass.

Semyaz was afraid that they wouldn't consent to this, that the other angels would not be reasonable about this idea and the plan (now) to intermingle or interface fire with water. How can you interface fire with water and come out with a new breed of people?

It was God's promise to Adam; God made a promise to Adam that children of Light would proceed from Adam and Eve—that children of Light would come from them. (You can read about that in 1st Adam and Eve.)

That's (18) going to happen, but it's going to happen during the 9th week. We will see Adam and Eve again, and Adam and Eve, as all the holy ones, will birth children of Light from them. Those that survive the tribulation period.....

.....There will be three groupings of people that will be down in this dimension:

- 1) There'll be the Watchers, who will engage with the daughters of men to birth children of flesh
- 2) There'll be the holy ones, that's us, who also will continue to build the house of God by birthing children unto a thousand generations.
- 3) There'll be also the children themselves, the children of flesh, which will have survived the tribulation period, and will be a very, very small number

(as there's almost 7 billion people in the world today.)

At the conclusion of the great tribulation, there's only going to be a handful of Adamites left. But that handful of Adamites will become a seed of a trillion people at the end of the millennium. By the end of the millennium, the earth will be

I Enoch chapters 6-8

overspread again with the children of men. That sounds amazing, doesn't it, but a thousand years, there will be no death. And those that are a hundred years old will be considered as children during the millennium.

So, Semyaz is the one who introduced this counsel. He called for the Watchers to come together to descend into this dimension. Let's see what happened in verse 4:

4 But they all responded to him, "Let us all swear an oath and bind everyone among us by a curse not to abandon this suggestion but to do the deed."

"But they,"

that's all the chief Watchers,

"all responded to him,"

Semyaz; and they said this: "Let us all swear by an oath"

"Let us all swear an oath"

in service,

"and bind everyone among us by a curse"

The binding of the curse means, to abdicate his powers, which means that he would give up his powers and his thrones if he didn't follow through with this deed.

Adam abdicated his throne when he gave heed to Satan's (20) counsel. Jesus is restoring to us the throne, which Adam abdicated by Satan's counsel.

That's why we're being born again. Our new birth now bridges that of the fall back into our true origin, being in the bosom of our Father. So, if your origin is the bosom of the Father, then your destiny is the bosom of the Father. But if your origin is the transgression of the flesh, then your destiny is that of hell—the lake of fire.

The curse by which the Watchers all bound themselves was to abdicate their powers and thrones. So, they bound themselves by a curse among each other to oversee that this conspiracy would follow through (to do the deed); all the Watchers binding themselves by Semyaz's counsel was going to order their behavior by his oath; that is, if they all united together to do this conspiracy, they would all be able to achieve their goals, which was to gain this inheritance, or in the end, pollute Adam's faith—to pollute their race.

Either we get it, or we destroy it. This was the counsel that took place on Mount Hermon, not Mount Olympus, but Mount Hermon; with the 20 chief ones gathered together that were over the 200, which were over thousands of other angels of other rankings:

I Enoch chapters 6-8

You have your angels, your archangels, your archons, and authorities.
You have your dominions. You have your powers.
You have your cherubim, seraphim, and your thrones.

5 *Then they all swore together and bound one another by the curse.*

6 *"And they were altogether two hundred; and they descended into Ardos, which is the summit of Hermon. And they called the mount Armon, for they swore and bound one another by a curse.*

So, they all took counsel together there at the summit of Hermon, and they called the mount Armon (Ermon/Hermon), which is also known (as we read in Deuteronomy) as Mount Sion.

"And they swore and bound one another by a curse."

They swore to resign their powers and thrones; by a unified vote they took this oath.

Now the names of them are these; you see this in verse 7.

7 *And their names are as follows: Semyaz, the leader of Arakeb, Reme'el, Tam'el, Ram'el, Dan'el, Ezeqel, Baraqyal, As'el, Armaros, Batar'el, Anan'el, Azqe'el, Sasomasp e'el, Tur'el, Yamayol, and Arazyal.*

Their names, the names of these thrones, or Watchers, when you read the book of angels in 2 Enoch, you will see that the Watchers (22) and the holy ones were far superior above all his other angels; the Watchers were far superior. God bestowed upon the Watchers powers, which the other angels of the other rankings and other orders did not possess. And part of those powers, which he bestowed upon the Watchers, was the power of transformation.

These are the powers that God will grant to us as the holy ones, the elect—the power of transformation. Not only will we be able to transform ourselves from flame to flesh and also ascend from the 1st to the 7th heaven, but we will also have access to the 3rd heaven and to the tree of life, as well as having access and secret names to go into other dimensions.

This is *the powers* bestowed upon the Watchers. And the Watchers were far superior to Satan, who was just a cherub. Satan was an archangel and a cherub, but he was not a Watcher. The Watchers were far superior to Satan. And he was cast out.

As we read on we're going to see (and as we read in the book of Revelation) we're going to see that there's going to be a collusion between the Watchers and Satan's kingdoms and Satan's 13 princes.

I Enoch chapters 6-8

So, the names of the Watchers are these:

The leader of this conspiracy was Semyaz; he was the leader of Arakeb, which was like a town elder or judge. That was his given region. He received a region of authority in this capitol, which was Arakeb on Mount Hermon (just like Washington DC is the capitol of the United States—in the Whitehouse). So the town called Arakeb is the Whitehouse, and it's located in Mount Hermon, which is like the District of Columbia. That was his assigned region.

We also will be assigned regions during the 9th week. We will be the capitol of the regions, and the angels will construct our residences down here as a reference point, whereas we also will ascend and descend from the 7th to the 1st heaven. (24) Having the secret password and our ranking as holy ones, we also will ascend and descend. This will take place during the time of the millennial reign of Christ.

So, Semyaz was the leader of Arakeb. And next to him was another angel called, Reme'el. There's Rame'el, there's Tam'el, there's Ram'el, there is Dan'el, and there is Ezeqel. And then there's Baraqqal, As'el, and there's Armaros. (We'll be reading more about and studying about each one of their particular skills in which they contribute to the conspiracy.) then there was Batar'el and Anan'el, Zaqe'el. There was Sasomasp e'el. Then there was another one called Kestar'el, Tur'el, Yamayol, and Arazyal.

Then there was other ones also which conspired with them: Amasras, Asder'el, Kokarer'el (which was over 200 of them). These were the names of these angels, which were the chiefs of the 200.

So, we can see the congress, and then Semyaz was the president and he had his own congress, or counsel, or cabinet members. And from them issued forth the laws, which the other angels were then servant to. We can see the same powers of Satan's kingdom.

Satan, being the chief archangel of his orders and of his rank had numerous angels that were doing services for him, which were also other seraphim.

Satan was a cherubim and an archangel by rank. And he had other angels assigned to him who would carry out their duties. And under them were other angels, and under them were other angels called, powers. You see the same thing, which Apostle Paul wrote about in Ephesians, concerning, "*above all principalities and powers*"⁶ (26) Now verse 8

8 These are their chiefs of tens and of all the others with them.

⁶ Eph 6:12 For we do not wrestle against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this age, against spiritual [hosts] of wickedness in the heavenly [places].

I Enoch chapters 6-8

as we read on about these were the names of those, which took the counsel:

*"These are their chiefs, of tens"
being even of lesser powers,
"and of all the others with them."*

These were assigned regions to oversee the progress of man and beast. They were assigned over these particular regions, over man and beast. Now, chapter 7.

1 Enoch Chapter 7

Angelic Children and Magical Powers

Can modern technology be traced to the influence of fallen Watchers? Where are the Watchers' ghost towns? Is the lost city of Atlantis a myth or in fact a tribute to the lost civilization of the fallen Watchers? Did angels teach man magical medicine, hallucinations, and astral projection. If fallen angels left a physical imprint on the land did they also leave a spiritual imprint on the soul?

*Many people are traveling the world now, gathering data on ancient mysteries and finding the same religious and spiritual iconography in different parts of the world. .
.How is it that in the Anubis Caves of western Oklahoma, archeologists have found Egyptian images carved into the rock? A glyph of the jackal—Anubis, the Egyptian lord of the darkness—along with other Egyptian images and inscriptions, are plainly visible.
Gloria Farley, an epigraphic expert who has recorded ancient inscriptions and petroglyphs.*

The fallen Watchers also left their mark on the earth in giant geometric patterns stamped all over the earth. How is it that in the Peruvian desert there are precise geometric patterns called the Nazca Lines that extend for thirty-seven miles that match with crop circles in England (and throughout the world), which match perfectly with etchings and carvings found in Egyptian pyramids, temples, sarcophagi, and artifacts, which match again with glyphs found in caves, on pottery, and carved into clay tablets and religious iconography in Iraq, Germany, Africa, and China?

Enoch writes on.....

1 And they took wives unto themselves, and everyone respectively chose one woman for himself, and they began to go unto them. And they taught them magical medicine, incantations, the cutting of roots, and taught them about plants.

I Enoch chapters 6-8

"And they took wives"

Now, these wives became queens and sorceresses.

"And they took wives unto themselves, and everyone respectively chose one woman

for himself, and they began to go unto them. And they taught them magical medicine,

incantations, the cutting of roots, and taught them about plants."

The Watchers created the institutions of learning. Through these institutions of learning they assigned man particular social ranks. Social ranks began to emerge by the counsel of the Watchers; social ranks. The social ranking had to do with the powers that were assigned to them, just like the angels.

Now, the wives that they took became the queens and the sorceresses. And the angels began to construct for themselves regions, which according to certain mythology, was called the city of Atlantis. But it wasn't a city; it was a region. It wasn't just one little city; it was a whole region.

But there were cities, like here we can see Arakeb, whereas it was a city, which is on Mount Hermon. There were numerous locations, like Mount Olympus, as an example for the Greeks, which was no doubt, a place or a region, which one of the gods ruled from. This is where they got a lot of their mythology from.

The gods did rule over men. Angels ruled over men during this period of time. And that's going to happen again during the 7th week; angels will rule over men...the beasts. The 1st beast, second beast, and the dragon...they're not people; these are angels. They will rule over the world (28) by their powers. They will be cast out of this 1st heaven into the earth, as Isaiah foresaw. And the prophet Daniel wrote about these things, that they were cast out, and that they were going to make war against the Lamb.

"they took wives for themselves"

which became queens and sorceresses. We can see these things in how Hollywood embellished these certain legends. You can see the same thing about the Trojan War and how Achilles was dipped in water by a satyr, who dipped him in water up to his heel. He would only die by the vulnerability of his heel—Achilles heel.

These centaurs were real, and there were giants in those days. So, they took to them wives, which God did not assign to them, but they were now going to intrude in this dimension with a permanent presence. But up to this point in time, the Watchers were able to ascend and descend. God did not clip the wings of the Watchers at this point.

I Enoch chapters 6-8

"they took them wives, everyone respectively."

And their wives became queens, and they began to rule by their inclinations and their passions, and by these things they began to oppress. They bore to the Watchers beautiful children, a super race; the same thing that Hitler wanted to achieve—a super race of people—that's what he believed.

Well, where did he get that idea? He got that idea from here, regarding a super race. He's not the first one that came up with that concept. We can even trace back to the times of Nimrod; but he wanted a super race of people called, angels. And by them the whole world would be overspread for that millennium; or called, the third Reich. That's what Hitler wanted, a third Reich, a place of reigning by a super race, super intelligent, super beautiful.

Well the Watchers birthed (30) children that were super beautiful, super intelligent, and were bright. They became the princes; they were assigned regions, they ruled, they also had an offspring.

"And they began to go unto them."

Here, the Watchers began to interface with the flesh, the women, and the bodies began to form one body of flame and water. This is a mystery, but God, by the Oath of the Lord, water and fire can co-exist without consuming each other—just like lightning and snow can co-exist without consuming each other, all by the power of the name of YAH—YHWH; that God is able to exist with man without the canceling out of each power.

This is why Jesus came into this dimension, why God created this dimension and came into this dimension, to bring us back into the dimensions of himself. That's the mysteries of Christ, which the Apostle Paul writes about...these mysteries.

Why is it that God went to such an extreme in order to bridge this curse? We're reading about it here. The Watchers taught their wives all these incantations, these mysteries and mystics.

If you saw the movie called, The Three Hundred, you can see that the so-called mystics had a shrine or oracles whereas they would interface with the invisible dimension through the oracles and through chemical enhancements; they would intrude into these other dimensions, the Ethors would intrude into these other dimensions in order to gain insight into the future, and people would pay money for the future.

This is what people are doing today; they're doing the same thing through psychics or horoscopes, or through economic science—they want to predict a secure future by science, by knowledge, by sorcery.

I Enoch chapters 6-8

This is what the beast is going to provide for man; he's going to provide a one-world religion (32) and a peace and security that's not tethered to God—a false peace and security.

The Watchers provided for man a false peace and security. The Watchers untethered Adam(ites) from their consciousness of God, and tethered their consciousness to false knowledge. This is the same thing that's happening today; the minds of men, being darkened, are tethered to false knowledge, which is tethered to the moral code, which is tethered to the flesh which is tethered to Satan's kingdom.

By this iniquity multiplied, spread, gained roots and fruits within this dimension. So, the Watchers taught their wives, and as a reward they gave them empowerment.

We have empowerments today; we have institutions of learning that empower man's imagination with certain documentation that they can take this documentation and gain wealth, notoriety and social rank through these things. This is what the fallen Watchers taught.

Adamites were not concerned with social rank. When Cain was alive there was no social ranking. People lived out the normalcy of their lives in survival of sowing and reaping, building and having children; the simplicity of life was reduced to the beastly level. That's all they did.

The Watchers, observing these things, thought for sure that they could raise man up from the beastly into the heavenly by their knowledge. This is the same thing they're doing today: that man can now explore beyond the limitations of his curse, being in the flesh; "Well, we'll just put ourselves in the capsule, we'll shoot ourselves off into space, we'll find water on the moon, and we'll be able to explore and populate other planets. That's false knowledge.

Man is trying to escape the curse. He's always tried to escape the curse. Ever since the first millennium he tried to (34) escape the curse of death by pharmaceuticals. This is why it's called magical medicine, incantation, or the water of youth (the well of youth). They were exploring the earth to try to find the fountain of youth.... *And by the way.....*

The fountain of youth did exist, but it existed from the roots of the tree of life. And God removed the tree of life from the 1st heaven and put it in the 3rd heaven where it (still) is right now.

The tree of life was not destroyed by the flood. The tree of life was removed from this dimension, with the Shekinah, when Enoch was translated from the 1st heaven and taken into the 7th heaven. The tree of life, which was down here for about a thousand years when Adam was down here, was removed at the time when Enoch

I Enoch chapters 6-8

was translated. (That's an important event that took place.) And from that time on, mankind continually explored the earth to find the fountain of youth again.

In fact, the Spanish explorers, exploring the new world were looking for the fountain of youth and a city of gold. Where did they get these ideas from? Well, we can see where they were getting them from.

So, the fallen Watchers began to teach and reward their wives with powers to interface with false tokens, interfacing with the flesh, interfacing with the false tokens.

The false tokens today are tithing, baptisms, communion, Sabbath Day observation. These are false tokens that the Adamites are interfacing with to try to gain eternal life. But Jesus says, "You must interface with me: I'm your mediator; You interface with me by covenant, and you'll be saved."

Trying to interface with God by carnal things, you're still bearing the image of the curse of death. They interfaced with these things, and the Watchers rewarded their wives with these powers. They became the sorceresses. They began to rule over people. They bore beautiful children until one day.....something was manifested.....

Their beautiful children turned into (36) grotesque looking creatures, and they began to transform from that which was a beautiful people and an intelligent people, into monsters, creatures, whose skeletons are still being found today.

"magical medicine, incantations"
to interface with

"the cutting of roots,"
like the philosopher's stone,
"and taught them about plants."

Why did they do these things? Because man now had to try to find equity, not through the knowledge of covenant, but through these other false tokens. They (the Watchers) had to cut man's confidence from God by providing a proxy, something else, a misrepresentation. So, they misrepresented themselves, false ministers, false priests, to the time of Enosh.

Now, Enosh was a false messiah; he had a messiah complex. He thought that he was going to be the messiah because he was practicing all these incantations, which the Watchers taught. He was interfacing the heavenlies through these things. When we read on you will see more about this (this is interesting).

I Enoch chapters 6-8

They began to introduce man to drugs, that through the use of drugs, man would find equity in his conscience. They also wanted to prolong their life with alchemy, an elixir of alchemy for the purpose of transmuting, changing. They wanted to find the fountain of youth. They wanted to reverse the curse, which God put upon the flesh, with genetic tampering. Doesn't that sound familiar?

That's exactly what's been happening today; people are trying to find the root cause for the presence of death. They're trying to bridge it; just like they did thousands of years ago, they're still doing it today. And by these false tokens, they're fighting against God. Instead of coming into covenant with God, they're fighting against God. Their thinking is that by prolonging their life down here, they're championing humanitarian efforts. (38) But they're fighting against God through these things.

So, they're looking for magical potions, looking for herbs involved with pharmaceuticals, that they can extend man's life cycles. This is what they did; (chapter 7)

"cutting the roots and incantations".

2 And the women became pregnant and gave birth to great giants whose heights were three hundred cubits.

The Watchers rewarded the cooperation of the Adamites; they rewarded the Adamites in honor, recognition, status, and the directing of the God-Code with unsanctified things, but not with the record of God. That's the false religious system. (Nimrod picks up on this after the flood—the Nimrodic of government, which still exists today.)

The Nimrodic form of government and tradition still exists today, where man maintains the right to hoard and to oppress other people; to hoard their elements, their minerals, and thereby oppress other people. This has been going on now for thousands of years. And they think it's normal. It's not normal.

That is not normal, that did not happen before Adam fell. After Adam fell that happened. The true culture of God was pre-fall, not post-fall, but pre-fall. That's the true culture of "Adam—peace and security in covenant with God, in a beautiful garden.

The post-fall is the false culture; it's the false culture that's ruling the world today called, darkness, and gross darkness.

"the women became pregnant"

They consented to this for the promises of becoming goddesses and promises of rewards. But God put a curse on the interface, and this is what happened:

I Enoch chapters 6-8

"the women became pregnant and gave birth to great giants whose heights were three hundred cubits."

after God cursed their oath, putting death on the genetic coding of their spirits. (40) The curse is upon the spirit. It's not within the genetic coding itself; it's upon the spirit. But man thinks it's within the physical, but it's not; it's within the spiritual. The presence of death is a spirit, not a genetic code.

God put this curse upon Satan, Satan brought this curse into this world, and that curse is now passed on for the transmutation of the body upon all Adamites.

But Jesus rose from the dead to remove the curse, which he put on all Adamites. And that curse is going to be reversed, as we see during the millennium and also during the 3rd covenant. That's brought out in the book of Revelation: *"there shall be no more curse"*, Revelation 22:3⁷

3 These giants consumed the produce of all the people until the people detested feeding them.

At first the Adamites had a form of toleration and admiration for these beautiful, shining ones—the beautiful offspring of the spirits and the flesh. But when the curse began to take form within them, they became grotesque-looking creatures, and they became huge. Instead of helping the Adamites, they began to bring curses upon the Adamites.

Their fathers took advantage of the size of their children, and they assigned their children to labor with them in building memorials of their presence. The giants began to move great stones. They began to build great cities and monuments to their fathers. And then, after they built these great cities, and regions, and locations, and their capitols, God put a curse upon their endeavors, and God put another curse upon the giants. The giants began to war among themselves.

God told Michael, the archangel, to give a sword into their hands, that God put rivalry between them.

"These giants consumed the produce of all the people"

They began to reduce the labor causing economic inequity. They forced many

people into slavery for their survival. (42)

"These giants consumed the produce of all the people until the people detested feeding them."

They weren't seeing any increase of their own, but only the impoverishment of the land and their goods.

7 [Rev 22:3](#) And there shall be no more curse: but the throne of God and of the Lamb shall be in it; and his servants shall serve him:

I Enoch chapters 6-8

4 So, the giants turned against the people in order to eat them.

They began to break the rules, they began to steal the food, and they began to cause rioting among the people.

How could they resolve the rioting? The fallen Watchers began to create armies; they began to teach the people how to make swords, spears, helmets, and (taught them) the forces of death. They began to teach people how to murder, how to kill people (that is, in war). As we read on here, we're going to see this.

As Isaiah prophesied, "*they shall learn war no more.*"⁸ Well, where did they learn it in the first place? They learned war from the fallen Watchers. Cain learned to murder, but Cain did not learn what war was.

But here the Watchers began to teach people how to war against each other.

5 And they began to sin against birds, wild beasts, reptiles, and fish. And their flesh was devoured the one by the other, and they drank blood.

The Watchers began to experiment to find the genetic bridge to cure the curse, which God put upon their beautiful children.

"And they began to sin against birds"

They tried to find genetic codes. (Now we're going back to evolution.) Evolution found similarities. And they tried to bridge similarities between beasts and man, that there **are** similarities between beasts and man.

The Watchers began to experiment. It's the same thing with cattle mutilations today. The Watchers do believe that there is some kind of coding within the genetic make up, in the chromosomes there, that they can find to bridge to give a form to their children that will not look grotesque, and that they will be able to use to breed with; to breed, to increase, without carrying the curse with it. They were trying to escape the curse God put on it...

Just like people do today...People are trying to escape the curse. (44) They're not going to find it.

"They began to sin against birds",

which means, they began to experiment on them (against birds);

8 [Is 2:4](#) And he shall judge among the nations, and shall rebuke many people: and they shall beat their swords into plowshares, and their spears into pruning hooks: nation shall not lift up sword against nation, neither shall they learn war any more.

I Enoch chapters 6-8

same thing like in science laboratories today, they take animals and experiment on rats, or monkeys, or dogs, or cats...

What are they doing this for? Well, the Watchers taught man to do these things. The Watchers did these things, and man today is still carrying on that tradition. They're trying to find the secret for eternal life and how to stop the curses and the disease that God put upon man as a judgment. They're trying to stop God's judgments. That is sin against God.

When God puts a judgment upon a race, man tries to stand against it. That's sin. The Watchers taught Adamites to do these things.

"They began to sin against birds, wild beasts, reptiles, and fish. And their flesh was devoured the one by the other, and they drank blood."

The same thing as with cattle mutilations; the angels began to drink blood in order to give life to their flesh. It's like the Dracula cults; that's where the Dracula cults sprang from, from the blood drinkers. The blood drinkers were angels, the angels that fell, and they would give their children these potions of blood (and witchcraft has its roots in that), in order to fight against the aging of the body.

"their flesh was devoured"

Their skin became weak; their skin began to age,

"And their flesh was devoured the one by the other, and they drank blood."

They did these things in order to find a cure in proteins to heal the aging of the flesh, and also to create antibiotics.

That's nothing new. Thousand s of years they've been doing these things. They wanted to discover the missing link, and of course, the missing link is what science is trying to find today—the missing link between the monkey and the man.

Well, the missing link has to do with the spirit that God put in man; that's what's missing in man—the Spirit of God. (46)

They wanted to discover the missing link and the genetic code, and they began to sin more and more.

6 And the earth brought an accusation against the oppressors.

The earth (the angel of the earth now, not just a piece of dirt), but the angel of the earth brought accusation against them. And the angel of the earth, his name is Zutu'el. We see this in 1 Enoch 32.

The angel of the earth began to protest that their presence and experiments were spoiling the earth to find equity. And we can see the same thing in the industrial revolution. In order for man to survive and find equity in society, he began to build in mass production certain inventions, in order to relieve himself of the oppression of time.

1 Enoch Chapter 8

Forgotten History and Forbidden Arts

How could such things as astrology, the cutting of roots, incantations, and alchemy be seen as beguiling and hypnotic? Let's review these arts for a moment and see how they spoke to the plight of man's separation from God. Then we can understand why the Watchers introduced these arts upon earth and what they hoped to gain.

1 And Azaz'el taught the people the art of making swords and knives, and shields, and breastplates; and he showed to their chosen ones bracelets, decorations, shadowing of the eye with antimony, ornamentation, the beautifying of the eyelids, all kinds of precious stones, and all coloring tinctures and alchemy.

Azaz'el, also another name for Satan, also began to contribute his knowledge. He also introduced an education system. He wanted to educate the Adamites and also exploit the signature. Doesn't that sound familiar? Exploiting the signature of man that promised man that he can be all that he can be, all that he wants to be, that there is no dream that can be withheld from him, if he would just believe in himself.

Azaz'el introduced to man that dream state of excelling himself, to go beyond his signature (which he can't do, by the way).

And Azaz'el taught the people these arts, just like Nimrod did after the flood during the times of Genun, as we read in 1st and 2nd Adam and Eve. He also taught people the powers of music, liquor, gambling, sports, and weapons,

- that man could find equity through these things,
- that they could find equity because of the conviction of the conscience (which continually testified against their deeds),
- that man would try to find equity through music, (48) equity through liquor, equity through gambling, equity through sports, and equity through weapons of war;
- that man, if he would explore these things, could increase himself and dominate his brother and neighbor; instead of loving thy neighbor, he would dominate and oppress his neighbor.

"Azaz'el taught the people"

these things; because they were untethered from God they had to find equity somewhere:

I Enoch chapters 6-8

"the art of making swords and knives, and shields, and breastplates;"
that's to dominate for survival, instead of covenant;
"and he showed to their chosen ones"
the women,

"bracelets, decorations and shadowing of the eye"
that's to beautify the sting of death in the flesh;
and not just for that, but for social rank
"with antimony, ornamentation, the beautifying of the eyelids, all kinds of precious stones,"
to adorn a social rank and also create social classes
"and all coloring tinctures and alchemy."
the science of magic, the philosopher's stone, books of new knowledge began to emerge plentifully with Enosh because they were competing against the knowledge of Enoch.

Enoch, the righteous, being taken to the 7th heaven, received the knowledge of the angels and the books of heaven from God, and by God's sanctification, brought that knowledge (the knowledge of writing, the knowledge of books) into this present dimension. And to compete against that, the Watchers had to compete against Enoch through the visions of Enosh, who used incantations and wrote celebrated books that are (also) used by witches and sorceresses today—the false books of Enoch. (49:40)

They introduced false knowledge and places of learning. People learned how to advance themselves through this knowledge.

2 And there were many wicked ones and they committed adultery and erred, and all their conduct became corrupt.

"And there were many wicked ones"
People became wicked and worse, as they began to practice their indulgences.

"and they committed adultery and erred,"
They lost sight of the virtue (50) and they used their imagination in place of faith.
"and all their conduct became corrupt."
as we see in the book of Genesis; in the book of Genesis.

The people became corrupt and the imaginations of the heart were evil continually⁹ even from their youth¹⁰. Since they were born, they were taught to

9 [Gen 6:5](#) ¶ And GOD saw that the wickedness of man [was] great in the earth, and [that] every imagination of the thoughts of his heart [was] only evil continually.

10 [Jer 32:30](#) For the children of Israel and the children of Judah have only done evil before me from their youth: for the children of Israel have only provoked me to anger with the work of their hands, saith the Lord.

I Enoch chapters 6-8

pursue vain things. Instead of pursuing covenant, they were taught to pursue their dream of life to develop a lust for the purpose of increase; to dominate, to control. They were tethered to survival and pleasure. And they also practiced unrestrained sexual pleasures.

Amasaras, as we're going to read here—

3 Amaros taught incantation and the cutting of roots; and Amaros the resolving of incantations; and Baraqiyal astrology, and Kokarer'el (the knowledge of) the signs, and Tam'el taught the seeing of the stars, and Asder'el taught the course of the moon as well as the deception of man.

Amasaras set up colleges of learning, and he taught incantation (to use secret words and witchcraft),
"and the cutting of the roots;"
(pharmaceuticals), and horoscopes,
"and Amaros the resolving of"
and reversing of
"incantations;"
of which we have books like that today.

You can see the imagination of man in Hollywood with the Harry Potter, which has to do with incantations and resolving of incantations. He is still around. And it made millions of dollars when these books came out, because of the hunger of the soul; the people wanted to interface with these forms of knowledge, to extend themselves beyond the restrictions of death. They wanted to intrude into the world of the imagination, but they also wanted to add an empowerment with it –to extend themselves beyond their (own) capabilities, or the restrictions that they felt because of the presence of death and sin.

"the resolving of incantations; and (also) Baraqiyal astrology"

He replaced the covenant of God with astrology, replacing the holy knowledge with these things.

"and Kokarer'el (the knowledge of) the signs" (52)

That has to do with (like) ancient soothsaying—signs, as the reading of the stars for the future.

"And Tam'el"

He was the professor that would interpret the cycles of birth of each child; what things each child born during the points of the zodiac would be able to contribute to society. This is what he taught...

"Tam'el taught the seeing of the stars,"

"and Asder'el taught the course of the moon"

(the seasons)

I Enoch chapters 6-8

This empowered man with knowledge of how to survive—again, replacing covenant

"as well as the deception of man"

that man would trust his own knowledge in place of the holy knowledge; that they would trust in themselves and the powers of sowing and reaping. They were looking to rule apart from God's tethering.

Last verse:

4 *And the people cried and their voice reached unto heaven.*

At this point in time

"the people cried"

They wanted truth—What is truth? This is what the people began to cry out; they began to cry out,

"and their voice reached unto heaven"

because their conscience, being defiled, was ruined by this false knowledge. And at this point they without guilt in their sins, by this false knowledge. But many people began to cry out (for truth); What is truth? They didn't know what truth was because of the gross darkness of that time—

Just like it is today as was prophesied by Isaiah, the prophet during the times of Israel. Israel was to be the light of all the nations, but when they became corrupt, they were the ones who (now) contributed to the gross darkness that exists today in the world—gross darkness.

The contribution of their signatures and their experience(s) of life created volumes of books that are being distributed to the universities and colleges and schools of our children today, which is continually teaching them how to survive untethered from God by false knowledge.

But now, God is going to reverse that.
